

Europass CV management						
Scope: This covers creating, saving to Library, editing, replacing, downloading and deleting CVs in the Europass Library. It also includes validation, UX checks and error management. It does not include testing the content or functionality within the "Edit" section or the "Select template" section.						
User story: As a registered user, I want to be able to create a CV, save it to my Europass library, edit it and download it, so that I don't have to recreate my CV each time and can always keep it up-to-date.						
Test Case ID	Prerequisites	Title/Description	Steps	Expected result	Pass/Fail:	Actual result
TC-01	User is logged in	Verify "Save to my Europass library" functionality	1. Navigate to "My profile" 2. From the "More actions" button choose "Create your CV" option 3. Click "Create new CV" 4. Go through "Edit" and "Select template" sections by clicking "Next" button until you reach the "Save" section 5. Enter a valid name (max 99 characters) for the CV in the "Name" field 6. Click "Save to my Europass library" button 7. Click the "Finish" button	A confirmation message for successfully saving the CV appears. The newly created CV is saved and listed to the Europass library. After clicking the "Finish" button, the user is redirected to "My library" page. No errors should appear.	Pass	
TC-02	User is logged in	Verify "Download CV" functionality	1. Navigate to "My profile" 2. From the "More actions" button choose "Create your CV" option 3. Click "Create new CV" 4. Go through "Edit" and "Select template" sections by clicking "Next" button until you reach the "Save" section 5. Enter a valid name (max 99 characters) for the CV in the "Name" field 6. Click "Download CV" button 7. Click the "Finish" button	The CV is successfully downloaded. No errors should appear.	Pass	
TC-03	1. User is logged in 2. At least one CV is saved in the library	Verify editing a CV from an existing CV in library	1. Navigate to "My profile" 2. From the "More actions" button choose "Create your CV" option 3. Click "Start from Europass CV" 4. Click the "My library" button (a book icon) and select an existing CV 5. In the "Edit" section make some changes in the CV, click "Save" and then click "Next" to move to the "Select template" section 6. In the "Select template" section click "Next" 7. Do not change the name of the CV 8. Click "Save to my Europass Library" button 9. Choose the "Replace existing CV" option and click "Save"	The "Name" field is pre-entered with the used CV name. A confirmation message for successfully saving the CV appears. The newly edited CV is saved and listed to the Europass library. No errors should appear.	Pass	
TC-04	1. User is logged in 2. At least one CV is downloaded locally	Verify editing a CV from an uploaded CV	1. Navigate to "My profile" 2. From the "More actions" button choose "Create your CV" option 3. Click "Start from Europass CV" 4. Select a CV from your computer or drag and drop it in the required section and click the "Save" button 5. In the "Edit" section make some changes in the CV, click "Save" and then click "Next" to move to the "Select template" section 6. In the "Select template" section click "Next" 7. Enter a valid name (max 99 characters) for the CV in the "Name" field 8. Click the "Download" button 9. Click the "Finish" button	The CV is successfully downloaded. No errors should appear.	Pass	
TC-05	1. User is logged in 2. At least one CV is saved in the library	Verify a proper message when CV is not saved due to lost internet connection	1. Navigate to "My profile" 2. From the "More actions" button choose "Create your CV" option 3. Click "Start from Europass CV" 4. Click the "My library" button (a book icon) and select an existing CV 5. Go through "Edit" and "Select template" sections by clicking "Next" button until you reach the "Save" section 6. Disable internet connection (turn off Wi-fi or unplug network) 7. Click "Save to my Europass Library" button	System detects there is no internet connection. Message clearly indicates saving failed due to lost connection and suggests user to reconnect.	Fail	The first message that appears when losing connection is "Lost connection". When user attempts to save the CV, the message that appears is "An error occurred while downloading the CV. Please try again." which is unclear and does not instructs the user to reconnect. Recommendation: display clearer message at the moment of save when the network is lost so the user can take the necessary action. Jira ID: ECM-1
TC-06	1. User is logged in 2. At least one CV is saved in the library	Verify changing the name when replacing existing CV	1. Navigate to "My profile" 2. From the "More actions" button choose "Create your CV" option 3. Click "Start from Europass CV" 4. Click the "My library" button (a book icon) 5. Choose one of the available CVs from the library 6. Go through "Edit" and "Select template" sections by clicking "Next" button until you reach the "Save" section 7. Change the name of the CV with a valid name (max 99 characters) 8. Click "Save to my Europass Library" button 9. Choose the "Replace existing CV" option and click "Save" 10. Click "Finish" 11. Verify the edited name is visible in the library list	The name of the CV is successfully edited. The edited name is visible in the "My library" page.	Fail	The CV retains the old name in the library list. The edited name is not applied. Jira ID: ECM-2
